

### 103. Pleased to meet you

KS1, KS2

- ◆ Hold an impromptu party between lessons!
- ◆ Set the scenario of a social gathering in which everyone is a stranger to everyone else; nevertheless, they all want to be friendly and chat.
- ◆ Ask the children to walk around, wandering from person to person, as they hold conversations. They will need to introduce themselves. How will they seem friendly? What will they talk about? Can they make sure they show interest in the other person?
- ◆ At the end, ask them about their most sociable chat.
