## Short playscript

Use the frame on this page to write your own playscript based on either Chapter 1 It's curtains for the curtains or Chapter 4 Let the race begin.

Set your playscript out as follows:

Scene: (chapter title)

Setting: (a description of where the play takes place)

Use a Narrator (a storyteller to tell what's gone on before and to introduce the characters).

Put the speaker's name in the left-hand column and write their script (what they say) on the right.
